

### TELEPHONE MONITORING CONSENT FORM

I understand that Australasian Dental Group strives to provide the highest quality service to our clients. Proper use of the telephone and the development of telephone etiquette is one of the priorities to realize this quality service. To ensure that telephone calls between staff and clients are being handled properly, telephone calls may be recorded or monitored. My signature on this form acknowledges consent and agreement to the recording and monitoring of telephone calls.

Taped recordings of telephone conversations may be made, with or without an immediate notification that it is occurring at that time. This consent shall remain in effect until the termination of the telephone monitoring system or the revocation of my consent, in writing, to my employer, whichever occurs first.
